

Special Meeting of the State Medical Board of Ohio (Updated 3/18)

The State Medical Board of Ohio will hold a special meeting at 12:30 p.m. on Wednesday, March 18, 2020 for the purpose of discussing opportunities to support our licensees in COVID-19 preparedness.

We will ATTEMPT to have the public join the meeting via phone and live stream. We have not conducted a meeting like this before, so your patience with any technical difficulties is appreciated. The meeting will still be open to the public for those who need to join in person.

A summary of the special meeting will be sent out soon after the board adjourns for those who are unable to join us via phone, video or in person so as to support the recommendation of having 10 or less individuals at gatherings.
