

## Statement on COVID-19 for Licensees

With coronavirus disease COVID-19 now active in Ohio, it is important for medical professionals to have the latest information.

For specific information for healthcare professionals, please visit the [Centers for Disease Control and Prevention's webpage](#) for healthcare professionals. For Ohio-specific information, visit the [Ohio Department of Health](#) and for international information, visit the [World Health Organization's webpage](#) regarding coronavirus disease.

Healthcare professionals are encouraged to take every day preventative actions to stay healthy:

- Avoid touching eyes, nose and mouth
  - Stay home when sick
  - Wash hands often with soap and water for at least 20 seconds
  - Cover coughs or sneezes with a tissue and then dispose of the tissue
  - Clean and disinfect frequently touched objects and surfaces
  - Follow public health advice regarding social distancing measures
-
